STANFORD, KY., FRIDAY, DECEMBER 17, 1909.

NO. 85.

MIDDLEBURG.

Rev. A. G. Coker preached at the Baptist church Sunday night.

Stock hogs are selling at fabulous prices here and fat ones are simply out of the question.

The Farmers Club will meet here Saturday night for the transaction of important business.

The stock for the Tennessee telephone line from C. Bastin's store to this place has been subscribed and the line will be put up at once.

Herbert Benson fell while playing foot ball on the graded school grounds last week and suffered a severe sprain of the left wrist.

The people of Yosemite are anxious that the act of the Legislature incorporating that town to be repealed and will ask Senator Hubble to take the matter up this winter.

The Baptist church here is without a pastor, and a committee has been appointed to secure the services of one at an early date. A preacher with a small family is preferred.

A family of Cubans with a bear and a baboon gathered a few pennies and nickels on the streets here recently. They were about as filthy a lot as one ever saw, but afforded some amusement for the time being by their antics.

The cross tie trade is about the only thing doing in timber hereabout. There are two firms buying at Yosemite and several wagon loads are received there daily. Teamsters are furnished lots of hauling and are paid good prices per day.

Everybody is busy getting ready for the holidays, though there is nothing on the boards as yet in the way of entertainment. Everything points to a dry, uneventful Christmas, though you can not always sometimes tell what will take place in Christmas time.

Report of Garrard County Grand Jury.

We, the undersigned members of the November term grand jury, 1909, Garrard circuit court, wish to make the following report:

We have carefully examined into the report made by M. H. Thatcher, State Inspector, which report is now being circulated in the daily papers throughout the State of Kentucky, in which he charges A. D. Ford, judge of Garrard county, with certain irregularities in his office, and after making said examination, we are of the opinion that he has violated no law and has only been a little careless in his business, in which he and he alone, is the loser.

Forced Into Exile.

Wm. Upchurch of Glen Oak, Okla., was an exile from home. Mountain air, he thought, would cure a frightful lung-racking cough that had defied all remedies for two years. After six months he returned, death dogging his steps. "Then I began to use Dr. King's New Discovery," he writes, "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung diseases. Infalible for Coughs and Colds, it dispels Hoarseness and Sore Throat. Cures Grip, Bronchitis, Hemorrhages, Asthma, Croup, Whooping Cough, 50c and \$1, trial bottle free, guaranteed by Penny's Drug Store.

GIFTS.

Let them be suitable.
Let them express a thought.
It is not enough to expend "so much."
It is criminal to thoughtlessly give live animals.
No living creature should be given unless it is desired.
No living creature should be given unless the recipient will care for it.
Wearables should not be selected by fond relatives regardless of other items of the recipients' wardrobe.
In a word, it is "blessed to give," but it is much more blessed to give things that will confer real pleasure.

A rescuing party, headed by C. J. Norwood, of Lexington, State Mine Inspector, found the bodies of seven miners entombed in the ill-fated Baker mine of the West Kentucky Coal Company, near Wheatcroft, and all were removed from the mine.

War was formerly declared upon the United States Steel Corporation by the leaders of organized labor throughout the United States and Canada at the close of a momentous two-days' conference at Pittsburgh.

Breathe it in, that's all. It's a joyful pastime, killing catarrh germs with Hyomei and the pocket inhaler. Complete outfit for \$1. Penny guarantees it.

J. J. Reed, of Clinton county, killed a hog which weighed 764 pounds.

Judge Saufley For Governor.

The man most talked of and written about for Governor, is Judge Micah Chrisman Saufley, who has just been elected Circuit Judge for the second or third term in his district by the largest majority ever given a Democrat there. We have no information that he does not prefer to continue to occupy the bench he so capably fills, but we do know that there is no better Democrat in the State or one more qualified for any position to which he may aspire. As an electioneer and mixer, the Judge is a failure, because he is not built that way, but when it comes to making a speech and expounding Democratic principles, no man in Kentucky is his superior and few his equal. He is now one of the most ornate speakers we know and his eloquence has won many a race and many a case in court. Unfortunately, the day for the office to seek the man appears to have passed, and, being a modest man, Judge Saufley may not press his claims, but if he does and secures the nomination there will not be any element of doubt in the result. And when elected and inaugurated, there will be a return to Democratic first principles and a just and honest administration of the State's affairs follow. The fact that he has been in the penitentiary, as bad as it sounds to the present generation, will not hurt him with the dear old fellows with whom he "fit enduring the war." In fact, they would be proud to rally to his support. He was with General Morgan in the Ohio State prison and fought for the cause he loved as a gallant soldier all of the four long years that he was not in confinement.—Lexington Gazette.

Olivet Message." Evening subject, "Worry as a Hindrance to Service." The members of the church are urged to be present at the morning service especially, as things that vitally concern the life of a Christian will be discussed. We hope to see a full attendance also at the Bible school, and those who have been absenting themselves, back in their places. Attention is called to the series of sermons being preached on Wednesday evenings by the pastor. The public is cordially invited to all these services. D. M. Walker, pastor.

IN 1910.

Father's in his airship,
Gone to spend the day,
Looking after loans and bonds
In Europe o'er the way,
Mother, who likes comfort,
And does not care to roam,
Is shopping via wireless,
In Paris, at her home.
Brother, who in deep seas,
Has a coral grove,
Is going in his submarine
Among his crops to rove.
Uncle in the navy,
Who's left his ship a span,
Is shooting through pneumatic tubes
To join her in Japan.
Sister, who's a suffragette,
Has worked reforms so rare
That even the ward meetings
They open now with prayer;
And when, tired by their labors,
She'd body rest and soul
She goes to spend her pleasure
A week-end at the pole.
